

GEITH CONCRETE CRUSHER

**QUICK HITCH
COMPATIBLE**

WWW.GEITH.COM

GEITH CONCRETE CRUSHER

Increase your excavator versatility with the Quick Hitch friendly Geith Concrete Crusher.

FEATURES & BENEFITS:

- ▶ Can be used as direct mount or with a Quick Hitch
- ▶ Utilizes the excavator's hydraulic forces to crush concrete and cut rebar
- ▶ Made of high strength, abrasion resistant steel
- ▶ Wear resistant alloy pivot bearings & pins
- ▶ Pin-on easily replaceable jaws as standard
- ▶ Fitted with replaceable shear blades for cutting rebar

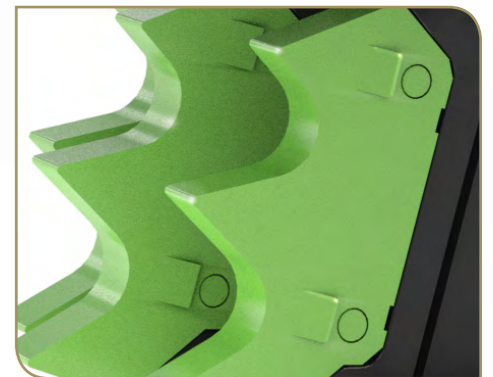

// My Geith Quick Hitch mounted Crusher has made my work safer and quicker without sacrificing performance //

Can be used with Quick Hitch or direct mounted

Replaceable shear blades for cutting rebar

Pin-on replaceable jaws eliminates costly rework of weld in legs
